The Chocolate and Art Show contribute to positive social change by building a network of artists of all mediums, collectors and artist enthusiasts to come together for two nights to celebrate the arts and support local business and local arts.

Through "ART" our community of artists will come together with Chocolate and Art to raise awareness and support for Artist for Trauma a charity that nurtures and empowers the lives of both civilian and military trauma survivors by pairing recovering patients with established artists from various creative disciplines.

Chocolate and Art has partnered up with Artists for Trauma to create a spectacular two night event so that they are able to continue their work.

[Artists for Trauma](#) (AFT) is a non-profit organization dedicated to enriching the lives of both civilian and military trauma survivors by pairing recovering patients with established artists from various creative disciplines. In their signature aim to expedite the quality of the long-term recovery process for the significantly altered trauma survivor; they provide and facilitate FUN, adaptive, artistic platforms designed to provide free of charge, evidence-based, interactive, healing programs. AFT partners with local to international non- profits, trauma hospitals, businesses, post-acute rehabilitation facilities, military resource organizations, community based trauma support centers and support groups, individual trauma survivors, and local to internationally established artists to best provide AFT's adaptive, empowering and creative, healing environments. <http://www.artistsfortrauma.org/>
